5. “Code of Ordinances” means the Code of Ordinances of the City of Long Grove, Iowa.
6. “Council” means the city council of Long Grove, Iowa.
7. “County” means Scott County, Iowa.
8. “May” confers a power.
9. “Measure” means an ordinance, amendment, resolution or motion.

Words that are not defined in this Code of Ordinances or by the *Code of Iowa* have their ordinary meaning unless such construction would be inconsistent with the manifest intent of the Council, or repugnant to the context of the provision.

1.03 CITY POWERS. The City may, except as expressly limited by the Iowa Constitution, and if not inconsistent with the laws of the Iowa General Assembly, exercise any power and perform any function it deems appropriate to protect and preserve the rights, privileges, and property of the City and of its residents, and to preserve and improve the peace, safety, health, welfare, comfort, and convenience of its residents, and each and every provision of this Code of Ordinances shall be deemed to be in the exercise of the foregoing powers and the performance of the foregoing functions.

(Code of Iowa, Sec. 364.1)

1.04 INDEMNITY. The applicant for any permit or license under this Code of Ordinances, by making such application, assumes and agrees to pay for any injury to or death of any person or persons whomsoever, and any loss of or damage to property whatsoever, including all costs and expenses incident thereto, however arising from or related to, directly, indirectly, or remotely, the issuance of the permit or license, or the doing of anything thereunder, or the failure of such applicant, or the agents, employees, or servants of such applicant, to abide by or comply with any of the provisions of this Code of Ordinances or the terms and conditions of such permit or license, and such applicant, by making such application, forever agrees to indemnify the City and its officers, agents, and employees, and agrees to save them harmless from any and all claims, demands, lawsuits, or liability whatsoever for any loss, damage, injury, or death, including all costs and expenses incident thereto, by reason of the foregoing. The provisions of this section shall be deemed to be a part of any permit or license issued under this Code of Ordinances or any other ordinance of the City, whether expressly recited therein or not.

1.05 PERSONAL INJURIES. When action is brought against the City for personal injuries alleged to have been caused by its negligence, the City may notify in writing any person by whose negligence it claims the injury was caused. The notice shall state the pendency of the action, the name of the plaintiff, the name and location of the court where the action is pending, a brief statement of the alleged facts from which the cause arose, that the City believes that the person notified is liable to it for any judgment rendered against the City, and asking the person to appear and defend. A judgment obtained in the suit is conclusive in any action by the City against any person so notified, as to the existence of the defect or other cause of the injury or

damage, as to the liability of the City to the plaintiff in the first named action, and as to the amount of the damage or injury. The City may maintain an action against the person notified to recover the amount of the judgment together with all the expenses incurred by the City in the suit.

(Code of Iowa, Sec. 364.14)

1.06 RULES OF CONSTRUCTION. In the construction of this Code of Ordinances, the rules of statutory construction as set forth in Chapter 4 of the *Code of Iowa* shall be utilized to ascertain the intent of the Council, with the understanding that the term “statute” as used therein will be deemed to be synonymous with the term “ordinance” when applied to this Code of Ordinances.

1.07 EXTENSION OF AUTHORITY. Whenever an officer or employee is required or authorized to do an act by a provision of this Code of Ordinances, the provision shall be construed as authorizing performance by a regular assistant, subordinate, or a duly authorized designee of said officer or employee.

1.08 AMENDMENTS. All ordinances that amend, repeal, or in any manner affect this Code of Ordinances shall include proper reference to chapter, section, subsection, or paragraph to maintain an orderly codification of ordinances of the City.

The catchlines of the several sections of this Code of Ordinances, titles, headings (chapter, section and subsection), editor’s notes, cross references, and State law references, unless set out in the body of the section itself, contained in this Code of Ordinances, do not constitute any part of the law and are intended merely to indicate, explain, supplement, or clarify the contents of a section.

1.10 ALTERING CODE. It is unlawful for any unauthorized person to change or amend, by additions or deletions, any part or portion of this Code of Ordinances, or to insert or delete pages, or portions thereof, or to alter or tamper with this Code of Ordinances in any manner that will cause the law of the City to be misrepresented.

1.11 SEVERABILITY. If any section, provision, or part of this Code of Ordinances is adjudged invalid or unconstitutional, such adjudication will not affect the validity of this Code of Ordinances as a whole or any section, provision, or part thereof not adjudged invalid or unconstitutional.

1.12 WARRANTS. If consent to enter upon or inspect any building, structure, or property pursuant to a municipal ordinance is withheld by any person having the lawful right to exclude, the City officer or employee having the duty to enter upon or conduct the inspection may apply to the Iowa District Court in and for the County, pursuant to Section 808.14 of the *Code of Iowa*, for an administrative search warrant. No owner, operator or occupant, or any other person having charge, care, or control of any dwelling unit, rooming unit, structure, building, or premises shall fail or neglect, after presentation of a search warrant, to permit entry therein by the municipal officer or employee.

revoke any matter shall be considered in light of the facts and circumstances then existing and as may be reasonably foreseeable, and due consideration shall be given to the impact upon the public health, safety and welfare, and the decision shall be that of a reasonably prudent person under similar circumstances in the exercise of the police power.

1.14 STANDARD PENALTY. Unless another penalty is expressly provided by this Code of Ordinances for violation of any particular provision, section, or chapter, any person failing to perform a duty required by this Code of Ordinances or otherwise violating any provision of this Code of Ordinances or any rule or regulation adopted herein by reference shall, upon conviction, be subject to a fine of at least \$65.00 but not to exceed \$625.00. (Code of Iowa, Sec. 364.22[3])

3.02 ENVIRONMENTAL VIOLATION. A municipal infraction that is a violation of Chapter 455B of the *Code of Iowa* or of a standard established by the City in consultation with the Department of Natural Resources, or both, may be classified as an environmental violation. However, the provisions of this section shall not be applicable until the City has offered to participate in informal negotiations regarding the violation or to the following specific violations:

(Code of Iowa, Sec. 364.22[1])

1. A violation arising from noncompliance with a pretreatment standard or requirement referred to in 40 C.F.R. §403.8.

3.03 PENALTIES. A municipal infraction is punishable by the following civil penalties:

(Code of Iowa, Sec. 364.22[1])

1. Standard Civil Penalties.
 - A. First offense – not to exceed \$750.00
 - B. Each repeat offense – not to exceed \$1,000.00

Each day that a violation occurs or is permitted to exist constitutes a repeat offense.

2. Special Civil Penalties.
 - A. A municipal infraction arising from noncompliance with a pretreatment standard or requirement, referred to in 40 C.F.R. §403.8, by an industrial user is punishable by a penalty of not more than \$1,000.00 for each day a violation exists or continues.

[†] **EDITOR'S NOTE:** For criminal penalty for violations of this Code of Ordinances, see Section 1.14.

B. A municipal infraction classified as an environmental violation is punishable by a penalty of not more than \$1,000.00 for each occurrence. However, an environmental violation is not subject to such penalty if all of the following conditions are satisfied:

- (1) The violation results solely from conducting an initial startup, cleaning, repairing, performing scheduled maintenance, testing, or conducting a shutdown of either equipment causing the violation or the equipment designed to reduce or eliminate the violation.
- (2) The City is notified of the violation within 24 hours from the time that the violation begins.
- (3) The violation does not continue in existence for more than eight hours.

3.04 CIVIL CITATIONS. Any officer authorized by the City to enforce this Code of Ordinances may issue a civil citation to a person who commits a municipal infraction. A copy of the citation may be served by personal service as provided in Rule of Civil Procedure 1.305, by certified mail addressed to the defendant at defendant's last known mailing address, return receipt requested, or by publication in the manner as provided in Rule of Civil Procedure 1.310 and subject to the conditions of Rule of Civil Procedure 1.311. A copy of the citation shall be retained by the issuing officer, and the original citation shall be sent to the Clerk of the District Court. 3.05 ALTERNATIVE RELIEF. Seeking a civil penalty as authorized in this chapter does not preclude the City from seeking alternative relief from the court in the same action. Such alternative relief may include, but is not limited to, an order for abatement or injunctive relief.

(Code of Iowa, Sec. 364.22[8])

3.06 ALTERNATIVE PENALTIES. This chapter does not preclude a peace officer from issuing a criminal citation for a violation of this Code of Ordinances or regulation if criminal

penalties are also provided for the violation. Nor does it preclude or limit the authority of the City to enforce the provisions of this Code of Ordinances by criminal sanctions or other lawful means.

47.01 PURPOSE. The purpose of this chapter is protect the health, safety, and welfare of the citizens of the City through the prohibition of tobacco use and nicotine use at or near all City-owned recreational areas and facilities. Pursuant to the Iowa Smokefree Air Act, Section 142D.2 and 142D.3 of the *Code of Iowa*, the City prohibits the use of tobacco products in all City-owned parks and facilities. Additionally, the Council believes that all forms of nicotine product use should be restricted in all City parks, as both tobacco and nicotine in the proximity of youth and adults engaging in or watching outdoor recreational activities at any City-owned and operated facilities is detrimental to their health and can be offensive to those in such facilities. The Council believes that cigarettes and other tobacco products and nicotine products, once consumed in public places, are often discarded on the ground, requiring additional maintenance expenses, diminishing the beauty of the City's recreational facilities, and posing a risk to young children, pets, and wildlife due to ingestion. The City Council hereby declares that it is necessary and in the best interest of the health and safety of the residents of the City to set forth rules and regulations for all City-owned facilities as set forth in this chapter.

2. "Nicotine product" refers to electronic cigarettes, "e-cigarettes," electronic smoking devices, alternative nicotine products, and vapor products, but does not include nicotine gum or patches.
3. "Smokefree Air Act" refers to the Iowa Smokefree Air Act, effective July 1, 2008, to reduce the level of exposure of environmental tobacco smoke to the general public and also to protect employees and the general public. This Act applies to public places where the public is invited or in which the public is permitted as defined in the *Code of Iowa*, Section 142D.2 and 142D.3, and the Smokefree Air Act restricts smoking in certain areas of the State, County, and City parks and recreational facilities.
4. "Tobacco product" refers to cigars, cigarettes, smokeless tobacco, pipe tobacco, and roll-your-own tobacco, including smokeless tobacco, snuff, or chewing tobacco.

47.03 RESTRICTIONS. It is unlawful to use any form of tobacco or nicotine products in City parks or within a distance of 10 feet from City-owned property or facilities under the jurisdiction of the City.

4. Athletic and non-affiliated associations that utilize City-owned facilities must commit to enforcing this policy during all scheduled activities.
5. Any authority having jurisdiction to enforce City ordinances shall have authority to enforce the provisions of this chapter.

47.06 PENALTY. Any person violating the provisions of this chapter shall be given a warning. If compliance is not secured following notice and hearings, we recommend you review the situation with your attorney before proceeding with abatement and assessment of costs. Your attorney may recommend proceedings in court under Chapter 657 of the *Code of Iowa* rather than this procedure.

A request for a hearing must be made in writing and delivered to the Clerk within the time stated in the notice, or it will be conclusively presumed that a nuisance exists and it must be abated as ordered. The hearing will be before the Council at a time and place fixed by the Council. The findings of the Council shall be conclusive and, if a nuisance is found to exist, it shall be ordered abated within a reasonable time under the circumstances.
4. Abatement in Emergency. If it is determined that an emergency exists by reason of the continuing maintenance of the nuisance or condition, the City may perform any action that may be required under this chapter without prior notice. (Code of Iowa, Sec. 364.12[3h])
6. Collection of Costs. The Clerk shall send a statement of the total expense incurred by certified mail to the property owner who has failed to abide by the notice to abate, and if the amount shown by the statement has not been paid within one month, the Clerk shall certify the costs to the County Treasurer and such costs shall then be collected with, and in the same manner as, general property taxes.
(Code of Iowa, Sec. 364.12[3h])
7. Installment Payment of Cost of Abatement. 90.01 DEFINITIONS. The following terms are defined for use in the chapters in this Code of Ordinances pertaining to the Water Service System:

1. "Combined service account" means a customer service account for the provision of two or more utility services.
2. "Customer" means, in addition to any person receiving water service from the City, the owner of the property served, and as between such parties the duties, responsibilities, liabilities and obligations hereinafter imposed shall be joint and several.

The Superintendent shall supervise the installation of water service pipes and their connection to the water main and enforce all regulations pertaining to water services in the City in accordance with this chapter. This chapter shall apply to all replacements of existing water service pipes as well as to new ones. The Superintendent shall make such rules, not in conflict with the provisions of this chapter, as may be needed for the detailed operation of the water system, subject to the approval of the Council. In the event of an emergency the Superintendent may make temporary rules for the protection of the system until due consideration by the Council may be had.

(Code of Iowa, Sec. 372.13[4])

90.03 MANDATORY CONNECTIONS. All residences and business establishments within the City limits intended or used for human habitation, occupancy or use shall be connected to the public water system, if it is reasonably available and if the building is not furnished with pure and wholesome water from some other source.

90.04 ABANDONED CONNECTIONS. When an existing water service is abandoned or a service is renewed with a new tap in the main, all abandoned connections with the mains shall be turned off at the corporation stop and made absolutely watertight.

90.05 PERMIT. Before any person makes a connection with the public water system, a written permit must be obtained from the City. The application for the permit shall include a legal description of the property, the name of the property owner, the name and address of the person who will do the work, and the general uses of the water. If the proposed work meets all the requirements of this chapter and if all fees required under this chapter have been paid, the permit shall be issued. Work under any permit must be completed within 60 days after the permit is issued, except that when such time period is inequitable or unfair due to conditions beyond the control of the person making the application, an extension of time within which to complete the work may be granted. The permit may be revoked at any time for any violation of these chapters.

90.06 CONNECTION CHARGE. There shall be a connection charge in the amount of \$400.00 for service lines up to one inch; everything thereafter shall be \$400.00 plus the cost of the water meter used.

(Code of Iowa, Sec. 384.84)

90.07 COMPLIANCE WITH PLUMBING CODE. The installation of any water service pipe and any connection with the water system shall comply with all pertinent and applicable provisions, whether regulatory, procedural or enforcement provisions, of the *Uniform Plumbing Code*.

90.08 PLUMBER REQUIRED. All installations of water service pipes and connections to the water system shall be made by a plumber licensed by the State.

90.09 EXCAVATIONS. All trench work, excavation, and backfilling required in making a connection shall be performed in accordance with the provisions of the *Uniform Plumbing Code* and the provisions of Chapter 135 of this Code of Ordinances.

90.10 TAPPING MAINS. All taps into water mains shall be made by or under the direct supervision of the Superintendent.

(Code of Iowa, Sec. 372.13[4])

1. Corporation Stop. A corporation stop of the pattern and weight approved by the Superintendent shall be inserted in every tap in the main. The corporation stop in the main shall be of the same size as the service pipe.
2. Location Record. An accurate and dimensional sketch showing the exact location of the tap shall be filed with the Superintendent in such form as the Superintendent shall require.

90.11 INSTALLATION OF WATER SERVICE PIPE. Water service pipes from the main to the meter setting shall be Type K copper. The use of any other pipe material for the service line shall first be approved by the Superintendent. Pipe must be laid sufficiently waving, and to such depth, as to prevent rupture from settlement or freezing.

90.12 RESPONSIBILITY FOR WATER SERVICE PIPE. All costs and expenses incident to the installation, connection and maintenance of the water service pipe from the main to the building served shall be borne by the owner. The owner shall indemnify the City from

any loss or damage that may directly or indirectly be occasioned by the installation or maintenance of said water service pipe.

90.13 FAILURE TO MAINTAIN. When any portion of the water service pipe which is the responsibility of the property owner becomes defective or creates a nuisance and the owner fails to correct such nuisance the City may do so and assess the costs thereof to the property.

(Code of Iowa, Sec. 364.12[3a & h])

90.14 CURB VALVE. There shall be installed within the public right-of-way a main shut-off valve on the water service pipe of a pattern approved by the Superintendent. The shut-off valve shall be constructed to be visible and even with the pavement or ground.

90.15 INTERIOR VALVE. There shall be installed a shut-off valve on every service pipe inside the building as close to the entrance of the pipe within the building as possible and so located that the water can be shut off conveniently. Where one service pipe supplies more than one customer within the building, there shall be separate valves for each such customer so that service may be shut off for one without interfering with service to the others.

90.16 INSPECTION AND APPROVAL. All water service pipes and their connections to the water system must be inspected and approved in writing by the Superintendent before they are covered, and the Superintendent shall keep a record of such approvals. If the Superintendent refuses to approve the work, the plumber or property owner must proceed immediately to correct the work. Every person who uses or intends to use the municipal water system shall permit the Superintendent to enter the premises to inspect or make necessary alterations or repairs at all reasonable hours and on proof of authority.

90.17 COMPLETION BY THE CITY. Should any excavation be left open or only partly refilled for 24 hours after the water service pipe is installed and connected with the water system, or should the work be improperly done, the City shall have the right to finish or correct the work, and the Council shall assess the costs to the property owner or the plumber. If the plumber is assessed, the plumber must pay the costs before receiving another permit. If the property owner is assessed, such assessment may be collected with and in the same manner as general property taxes.

(Code of Iowa, Sec. 364.12[3a & h])

90.18 SHUTTING OFF WATER SUPPLY. The Superintendent may shut off the supply of water to any customer because of any violation of the regulations contained in these Water Service System chapters that is not being contested in good faith. The supply shall not be turned on again until all violations have been corrected and the Superintendent has ordered the water to be turned on.

90.19 OPERATION OF CURB VALVE AND HYDRANTS. It is unlawful for any person except the Superintendent to turn water on at the curb valve, and no person, unless specifically authorized by the City, shall open or attempt to draw water from any fire hydrant for any purpose whatsoever.

90.20 MAIN EXTENSIONS. It is the responsibility of the subdivider to extend the water main to the furthest end of the subdivision on all streets or easements set out by the Council. The extensions shall comply with all federal, State and local laws and be approved by the Council. The City may, at its option, extend a major line and set up notes, fees and assessments as they deem necessary.

90.21 CROSS-CONNECTION CONTROL. No cross-connection shall be allowed between public and private water supplies or between two separate water services. The City may require backflow preventers or other protective devices on any water service to prevent contamination of the public water supply. The Superintendent shall inform the customer when these devices are deemed necessary. All cost for these devices shall be the responsibility of the customer. The customer is responsible for the performance and maintenance of these devices. No customer shall do anything that could contaminate the water supply.

90.22 ABANDONED WELLS. An “abandoned well,” for the purpose of this section, means any well not serving a user for a period of one year. If a person has City water service and has a private well that is not in use, said person must properly abandon it for the protection of the public water supply. To protect the public water supply, all abandoned wells in the City limits shall be properly closed by a certified well driller approved by the Council solely at the owner’s expense.

90.23 WATER RATIONING. The City may, at its option, implement a water rationing program, whereby the City could set up special fees and specific uses or restrictions of water usage and have the authority to fine and/or disconnect violators of this implementation.

The application for the permit shall set forth the location and description of the property to be connected with the sewer system and the purpose for which the sewer is to be used, and shall be supplemented by any plans, specifications, or other information considered pertinent. The permit shall require the owner to complete construction and connection of the building sewer to the public sewer within 60 days after the issuance of the permit, except that when a property owner makes sufficient showing that due to conditions beyond the owner's control or peculiar hardship, such time period is inequitable or unfair, an extension of time within which to comply with the provisions herein may be granted. Any sewer connection permit may be revoked at any time for a violation of these chapters.

Building sewers, whether located upon the private property of any owner or in the public right-of-way, which are constructed or maintained in violation of any of the requirements of this chapter shall be deemed a nuisance and the same shall be abated by the City in the manner provided for the abatement of nuisances.

CHAPTER 97

USE OF PUBLIC SEWERS

97.01 Storm Water

97.02 Surface Waters Exception

97.03 Prohibited Discharges

97.04 Restricted Discharges

97.05 Restricted Discharges; Powers of Superintendent

97.06 Special Facilities

97.07 Control Manholes

97.08 Testing of Wastes

97.01 STORM WATER. No person shall discharge or cause to be discharged any storm water, surface water, groundwater, roof run-off, sub-surface drainage, uncontaminated cooling water, or unpolluted industrial process waters to any sanitary sewer. Storm water and all other unpolluted drainage shall be discharged to such sewers that are specifically designated as combined sewers or storm sewers or to a natural outlet approved by the Superintendent. Industrial cooling water or unpolluted process waters may be discharged on approval of the Superintendent, to a storm sewer, combined sewer, or natural outlet.

97.02 SURFACE WATERS EXCEPTION. Special permits for discharging surface waters to a public sanitary sewer may be issued by the Council upon recommendation of the Superintendent where such discharge is deemed necessary or advisable for purposes of flushing, but any permit so issued shall be subject to revocation at any time when deemed to the best interests of the sewer system.

97.03 PROHIBITED DISCHARGES. No person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewers:

1. Flammable or Explosive Material. Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid, or gas.
2. Toxic or Poisonous Materials. Any waters or wastes containing toxic or poisonous solids, liquids or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, create a public nuisance, or create any hazard in the receiving waters of the sewage treatment plant, including but not limited to cyanides in excess of two milligrams per liter as CN in the wastes as discharged to the public sewer.
3. Corrosive Wastes. Any waters or wastes having a pH lower than 5.5 or having any other corrosive property capable of causing damage or hazard to structures, equipment, and personnel of the sewage works.
4. Solid or Viscous Substances. Solid or viscous substances in quantities or of such size capable of causing obstruction to the flow in sewers, or other interference with the proper operation of the sewage works such as, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, unground garbage, whole blood, paunch manure, hair and fleshings, entrails and paper dishes, cups, milk containers, etc., either whole or ground by garbage grinders.

average daily flow greater than two percent of the average sewage flow of the City, shall be subject to the review of the Superintendent.

B. Where necessary in the opinion of the Superintendent, the owner shall provide, at the owner's expense, such preliminary treatment as may be necessary to: (i) reduce the biochemical oxygen demand to 300 parts per million by weight; or (ii) reduce the suspended solids to 350 parts per million by weight; or (iii) control the quantities and rates of discharge of such waters or wastes. Plans, specifications, and any other pertinent information relating to proposed preliminary treatment facilities shall be submitted for the approval of the Superintendent and no construction of such facilities shall be commenced until said approvals are obtained in writing.

97.04 RESTRICTED DISCHARGES. No person shall discharge or cause to be discharged the following described substances, materials, waters, or wastes if it appears likely in the opinion of the Superintendent that such wastes can harm either the sewers, sewage treatment process, or equipment, have an adverse effect on the receiving stream or can otherwise endanger life, limb, public property, or constitute a nuisance. In forming an opinion as to the acceptability of these wastes, the Superintendent will give consideration to such factors as the quantities of subject wastes in relation to flows and velocities in the sewers, materials of construction of the sewers, nature of the sewage treatment process, capacity of the sewage treatment plant, degree of treatability of wastes in the sewage treatment plant, and other pertinent factors. The substances restricted are:

1. High Temperature. Any liquid or vapor having a temperature higher than 150 degrees F (65 degrees C).
2. Fat, Oil, Grease. Any water or waste containing fats, wax, grease or oils, whether emulsified or not, in excess of 100 milligrams per liter or 600 milligrams per liter of dispersed or other soluble matter.
3. Viscous Substances. Water or wastes containing substances that may solidify or become viscous at temperatures between 32 degrees F and 150 degrees F (0 degrees to 65 degrees C).
4. Garbage. Any garbage that has not been properly shredded, that is, to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers, with no particle greater than one-half inch in any dimension.
5. Acids. Any waters or wastes containing strong acid iron pickling wastes, or concentrated plating solution whether neutralized or not.
6. Toxic or Objectionable Wastes. Any waters or wastes containing iron, chromium, copper, zinc, and similar objectionable or toxic substances; or wastes exerting an excessive chlorine requirement, to such degree that any such material received in the composite sewage at the sewage treatment works exceeds the limits established by the Superintendent for such materials.
7. Odor or Taste. Any waters or wastes containing phenols or other taste or odor producing substances, in such concentrations exceeding limits that may be established by the Superintendent as necessary, after treatment of the composite sewage, to meet the requirements of State, federal, or other public agencies of jurisdiction for such discharge to the receiving waters.

8. Radioactive Wastes. Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by the Superintendent in compliance with applicable State or federal regulations.
9. Excess Alkalinity. Any waters or wastes having a pH in excess of 9.5.
10. Unusual Wastes. Materials that exert or cause:
 - A. Unusual concentrations of inert suspended solids (such as, but not limited to, Fullers earth, lime slurries, and lime residues) or of dissolved solids (such as, but not limited to, sodium chloride and sodium sulfate).
 - B. Excessive discoloration (such as, but not limited to, dye wastes and vegetable tanning solutions).
 - C. Unusual B.O.D., chemical oxygen demand or chlorine requirements in such quantities as to constitute a significant load on the sewage treatment works.
 - D. Unusual volume of flow or concentration of wastes constituting “slugs” as defined herein.
11. Noxious or Malodorous Gases. Any noxious or malodorous gas or other substance that, either singly or by interaction with other wastes, is capable of creating a public nuisance or hazard to life or of preventing entry into sewers for their maintenance and repair.
12. Damaging Substances. Any waters, wastes, materials, or substances that react with water or wastes in the sewer system to release noxious gases, develop color of undesirable intensity, form suspended solids in objectionable concentration or create any other condition deleterious to structures and treatment processes.
13. Untreatable Wastes. Waters or wastes containing substances that are not amenable to treatment or reduction by the sewage treatment processes employed, or are amenable to treatment only to such degree that the sewage treatment plant effluent cannot meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.

97.05 RESTRICTED DISCHARGES; POWERS OF SUPERINTENDENT. If any waters or wastes are discharged or are proposed to be discharged to the public sewers, which waters contain the substances or possess the characteristics enumerated in Section 97.04 and which in the judgment of the Superintendent may have a deleterious effect upon the sewage works, processes, equipment, or receiving waters, or which otherwise create a hazard to life or constitute a public nuisance, the Superintendent may:

1. Rejection. Reject the wastes by requiring disconnection from the public sewage system;
2. Pretreatment. Require pretreatment to an acceptable condition for discharge to the public sewers;
3. Controls Imposed. Require control over the quantities and rates of discharge; and/or
4. Special Charges. Require payment to cover the added cost of handling and treating the wastes not covered by existing taxes or sewer charges under the provisions of Chapter 99.

97.06 SPECIAL FACILITIES. If the Superintendent permits the pretreatment or equalization of waste flows, the design and installation of the plants and equipment shall be subject to the review and approval of the Superintendent and subject to the requirements of all applicable codes, ordinances, and laws. Where preliminary treatment or flow-equalizing facilities are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at the owner's expense.

97.07 CONTROL MANHOLES. When required by the Superintendent, the owner of any property serviced by a building sewer carrying industrial wastes shall install a suitable control manhole together with such necessary meters and other appurtenances in the building sewer to facilitate observation, sampling, and measurement of the wastes. Such manhole, when required, shall be accessibly and safely located, and shall be constructed in accordance with plans approved by the Superintendent. The manhole shall be installed by the owner at the owner's expense, and shall be maintained by the owner so as to be safe and accessible at all times.

97.08 TESTING OF WASTES. All measurements, tests, and analyses of the characteristics of waters and wastes to which reference is made in this chapter shall be determined in accordance with the latest edition of *Standard Methods for the Examination of Water and Wastewater*, published by the American Public Health Association, and shall be determined at the control manhole provided, or upon suitable samples taken at said control manhole. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected. Sampling shall be carried out by customarily accepted methods to reflect the effect of constituents upon the sewage works and to determine the existence of hazards to life, limb, and property. (The particular analyses involved will determine whether a 24-hour composite of all outfalls of a premises is appropriate or whether a grab sample or samples should be taken. Normally, but not always, B.O.D. and suspended solids analyses are obtained from 24-hour composites of all outfalls whereas pH's are determined from periodic grab samples).

110.03 PIPES AND MAINS. Company shall have the right to excavate in any public street for the purpose of laying, relaying, repairing or extending gas pipes, mains, conduits, and other facilities provided that the same shall be so placed as not to unreasonably interfere with any above or below-ground utility services or facilities which have been or may hereafter be located by or under authority of the City.

110.04 CONSTRUCTION AND MAINTENANCE. The Company shall, excluding facilities located in private easements (whether titled in Company exclusively or in Company and other entities), in accordance with Iowa law including Company’s tariff on file with and made effective by the Iowa Utilities Board, as may subsequently be amended (“Tariff”), at its cost and expense, locate and relocate its existing facilities or equipment in, on, over or under any public street or alley in the City in such a manner as the City may reasonably require for the purposes of facilitating the construction, reconstruction, maintenance or repair of the street or alley. Relocation expenses for other hard surfaces, including pedestrian and non-motorized vehicle pathways, will be paid by the City. If the City has a reasonable alternative route for the street, alley or public improvements or an alternative construction method, which would not cause the relocation of the Company installations, the City shall select said alternative route or construction method. The City shall be responsible for surveying and staking the right-of-way for City projects that require the Company to relocate Company facilities. If requested, the City shall provide, at no cost to the Company, copies of its relocation plan and profile and cross

If vegetation or tree removal must be completed by the City as part of the City's project and are necessary whether or not utility facilities must be relocated, the City at its own cost shall be responsible for said removals. If the timing of the tree removals does not coincide with the Company facilities relocation schedule and Company must remove vegetation or trees that are included in the City's portion of the project, the City shall either remove the vegetation or trees at its cost or reimburse the Company for the expenses incurred to remove said trees or vegetation. If project funds from a source other than the City are available to pay for the relocation of utility facilities, the City shall attempt to secure said funds and provide them to the Company to compensate the Company for the costs of relocation.

110.05 EXCAVATIONS. In making excavations in any streets, avenues, alleys and public places for the installation of gas pipes, conduits or apparatus, Company shall not unreasonably obstruct the use of the streets and shall replace the surface, restoring it to the condition as existed immediately prior to excavation. Company agrees any replacement of road surface shall conform to current City code regarding its depth and composition. The Company shall not be required to restore or modify public right-of-way, sidewalks or other areas in or adjacent to the Company project to a condition superior to its immediate previously existing condition or to a condition exceeding its previously existing condition to the extent any alterations are required for the City to comply with city, state or federal rules, regulations or laws.

Prior to the City abandoning or vacating any street, avenue, alley or public ground where the Company has gas lines, mains or facilities, the City shall provide Company with not less than 60 days' advance notice of the City's proposed action and, upon request, grant the Company a utility easement covering existing and future facilities and activities. If the City fails to grant the Company a utility easement for said facilities prior to abandoning or vacating a street, avenue, alley or public ground, the City shall at its cost and expense obtain easements for the existing Company facilities.

Pursuant to relocation of Company facilities as may be required here under, if the City orders or requests the Company to relocate its existing facilities or equipment in order to directly or indirectly facilitate the project of a commercial or private developer or other non-public entity, City shall reimburse or the City shall require the developer or non-public entity to reimburse the Company for the cost of such relocation as a precondition to relocation. The Company shall not be required to relocate in order to facilitate such private project at its expense.

4. The Company shall not, under any circumstances be required to return or refund any franchise fees that have been collected from customers and remitted to the City. In the event the Company is required to provide data or information in defense of the City's imposition of franchise fees or the Company is required to assist the City in identifying customers or calculating any franchise fee refunds for groups of or individual customers the City shall reimburse the Company for the expenses incurred by the Company to provide such data or information.

The breaching party shall have 60 days to cure the breach, unless it notifies the non-breaching party, and the parties agree upon a shorter or longer period for cure. If the breach is not cured within the cure period, the non-breaching party may terminate this franchise. A party shall not be considered to be in breach of this franchise if it has operated in compliance with State or federal law. A party shall not be considered to have breached this franchise if the alleged breach is the result of the actions of a third party or the other party.

The Grantee shall in all cases have the right of abandonment of its property.

4. Relocation for a Third Party. The Grantee shall, on the request of any person holding a lawful permit issued by the City, protect, support, raise, lower, temporarily disconnect, relocate in or remove from the public way as necessary any property of the Grantee, provided: (i) the expense of such is paid by said person benefiting from the relocation, including, if required by the Grantee, making such payment in advance; and (ii) the Grantee is given reasonable advance written notice to prepare for such changes. For purposes of this subsection, "reasonable advance written notice" shall be no less than 30 business days in the event of a temporary relocation, and no less than 120 days for a permanent relocation.

5. Trimming of Trees and Shrubbery. The Grantee shall have the authority to trim trees or other natural growth in order to access and maintain the cable system.

6. Safety Requirements. Construction, operation and maintenance of the cable system shall be performed in an orderly and workmanlike manner. All such work shall be performed in substantial accordance with generally applicable Federal, State, and local regulations and the *National Electric Safety Code*.

7. Underground Construction. In those areas of the service area where all of the transmission or distribution facilities of the respective public utilities providing telephone communications and electric services are underground, the Grantee likewise shall construct, operate and maintain its cable system underground. The Grantee shall bury half the cable system underground within the 2007 calendar year and the remaining half of the cable system to be buried within the 2008 calendar year. Nothing contained in this subsection shall require the Grantee to construct, operate and maintain underground any ground-mounted appurtenances.

8. Access to Open Trenches. The City agrees to include the Grantee in the platting process for any new subdivision. At a minimum, the City agrees to require as a condition of issuing a permit for open trenching to any utility or developer that: (i) the utility or developer give the Grantee at least 10 days' advance written notice of the availability of the open trench; and (ii) the utility or developer provide the Grantee with reasonable access to the open trench. Notwithstanding the foregoing, the Grantee shall not be required to utilize any open trench.

9. Required Extensions of the Cable System. Grantee agrees to provide cable service to all residences in the service area subject to the density requirements specified in this subsection. Whenever the Grantee receives a request for cable service from a potential subscriber in an un-served area contiguous to Grantee's existing distribution facilities where there are at least 10 residences within 1,320 cable-bearing strand feet

(one-quarter cable mile) from the portion of the Grantee's trunk or distribution cable which is to be extended, it shall extend its cable system to such subscribers at no cost to said subscribers for the cable system extension, other than the published standard/nonstandard installation fees charged to all subscribers. Notwithstanding the foregoing, the Grantee shall have the right, but not the obligation, to extend the cable system into any portion of the service area where another operator is providing cable service, into any annexed area which is not contiguous to the present service area of the Grantee, or into any area which is financially or technically infeasible due to extraordinary circumstances, such as a runway or freeway crossing.

10. **Subscriber Charges for Extensions of the Cable System.** No subscriber shall be refused service arbitrarily. However, if an area does not meet the density requirements of subsection 9 above, the Grantee shall only be required to extend the cable system to subscribers in that area if the subscribers are willing to share the capital costs of extending the cable system. Specifically, the Grantee shall contribute a capital amount equal to the construction cost per mile, multiplied by a fraction whose numerator equals the actual number of residences per 1320 cable-bearing strand feet from the Grantee's trunk or distribution cable, and whose denominator equals 10. Subscribers who request service hereunder shall bear the remaining cost to extend the cable system on a pro rata basis. The Grantee may require that payment of the capital contribution in aid of construction borne by such potential subscribers be paid in advance. Subscribers shall also be responsible for any standard/non-standard installation charges to extend the cable system from the tap to the residence.

11. **Cable Service to Public Buildings.** The Grantee, upon request, shall provide without charge a standard installation and one outlet of basic cable to those administrative buildings owned and occupied by the City, fire stations, police stations and K-12 public schools that are passed by its cable system. The cable service provided shall not be distributed beyond the originally installed outlet without authorization from the Grantee. The cable service provided shall not be used for commercial purposes, and such outlets shall not be located in areas open to the public. The City shall take reasonable precautions to prevent any inappropriate use of the Grantee's cable system or any loss or damage to Grantee's cable system. The City shall hold the Grantee harmless from any and all liability or claims arising out of the provision and use of cable service required by this subsection. The Grantee shall not be required to provide an outlet to such buildings where a non-standard installation is required, unless the City or building owner/occupant agrees to pay the incremental cost of any necessary cable system extension and/or non-standard installation. If additional outlets of basic cable are provided to such buildings, the building owner/occupant shall pay the usual installation and service fees associated therewith.

12. **Emergency Use.** If the Grantee provides an Emergency Alert System ("EAS") such EAS shall be operated in accordance with FCC regulations. The City shall permit only appropriately trained and authorized persons to operate the EAS equipment and shall take reasonable precautions to prevent any use of the Grantee's cable system in any manner that results in inappropriate use thereof, or any loss or damage to the cable system. Except to the extent expressly prohibited by law, the City shall hold the Grantee, its employees, officers and assigns harmless from any claims arising out of use of the EAS, including, but not limited to, reasonable attorneys' fees and costs.

13. **Reimbursement of Costs.** If funds are available to any person using the public way for the purpose of defraying the cost of any of the foregoing, the City shall reimburse the Grantee in the same manner in which other persons affected by the

requirement are reimbursed. If the funds are controlled by another governmental entity, the City shall make application for such funds on behalf of the Grantee.

14. Sunset Provision. If at any time during the term of the franchise, Federal, State or local law permits any provider of video programming to provide services such as those provided pursuant to this chapter, either without obtaining a franchise from the City or on terms or conditions more favorable than those applicable to the Franchisee (Grantee), then this franchise shall at the sole discretion of the Franchisee (Grantee): (i) cease to be in effect; or (ii) be deemed to expire at a date prior to the original expiration date selected by the Franchisee (Grantee); or (iii) will be automatically reformed to grant to the Franchisee (Grantee) the more favorable terms, benefits and conditions available to the other provider.

112.04 REGULATION BY CITY.

1. Franchise Fee. The Grantee shall pay to the City a franchise fee of five percent of annual gross revenues (as defined in Section 112.01 of this chapter). In accordance with the Cable Act, the 12-month period applicable under this chapter for the computation of the franchise fee shall be a calendar year. The franchise fee payment shall be due quarterly. Each payment shall be accompanied by a brief report prepared by a representative of the Grantee showing the basis for the computation. The period of limitation for recovery by the City of any franchise fee payable hereunder shall be three years from the date on which payment by the Grantee is due to the City.

2. Rates and Charges. The City may regulate rates for the provision of basic cable and equipment as expressly permitted by federal or State law.

3. Renewal of Franchise.

A. The City and the Grantee agree that any proceedings undertaken by the City that relate to the renewal of the Grantee's franchise shall be governed by and comply with the renewal provisions of Federal law.

B. In addition to the procedures set forth in the Cable Act, the City agrees to notify the Grantee of all of its assessments regarding the identity of future cable-related community needs and interests, as well as the past performance of the Grantee under the then current franchise team. The City further agrees that such assessments shall be provided to the Grantee promptly so that the Grantee has adequate time to submit a proposal pursuant to the Cable Act and complete renewal of the franchise prior to expiration of its term.

C. Notwithstanding anything to the contrary set forth in this subsection, the Grantee and the City agree that at any time during the term of the then current franchise, while affording the public appropriate notice and opportunity to comment in accordance with the provisions of Federal law, the City and the Grantee may agree to undertake and finalize informal negotiations regarding renewal of the then current franchise and the City may grant a renewal thereof.

D. The Grantee and the City consider the teams set forth in this subsection 3 to be consistent with the express renewal provisions of the Cable Act.

4. Conditions of Sale. If a renewal or extension of the Grantee's franchise is denied or the franchise is lawfully terminated, and the City either lawfully acquires ownership of the cable system or by its actions lawfully effects a transfer of ownership of the cable system to another party, any such acquisition or transfer shall be at the price determined pursuant to the provisions set forth in Section 627 of the Cable Act. The

Grantee and the City agree that in the case of a final determination of a lawful revocation of the franchise, the Grantee shall be given at least 12 months to effectuate a transfer of its cable system to a qualified third party. Furthermore, the Grantee shall be authorized to continue to operate pursuant to the terms of its prior franchise during this period. If, at the end of that time, the Grantee is unsuccessful in procuring a qualified transferee or assignee of its cable system which is reasonably acceptable to the City, the Grantee and the City may avail themselves of any rights they may have pursuant to federal or State law. It is further agreed that the Grantee's continued operation of the cable system during the 12-month period shall not be deemed to be a waiver or an extinguishment of any rights of either the City or the Grantee.

5. Transfer of Franchise. The Grantee's right, title or interest in the franchise shall not be sold, transferred, assigned or otherwise encumbered, other than to an entity controlling, controlled by or under common control with the Grantee, without prior written notice to the City. No such notice shall be required, however, for a transfer in trust, by mortgage, by other hypothecation, or by assignment of any rights, title, or interest of the Grantee in the franchise or cable system in order to secure indebtedness.

112.05 BOOKS AND RECORDS. The Grantee agrees that the City, upon 30 days' written notice to the Grantee and no more than once annually, may review such of its books and records at the Grantee's business office, during normal business hours and on a non-disruptive basis, as is reasonably necessary to ensure compliance with the terms of this chapter. Such notice shall specifically reference the subsection of this chapter which is under review, so that the Grantee may organize the necessary books and records for easy access by the City. Alternatively, if the books and records are not easily accessible at the local office of the Grantee, the Grantee may, at its sole option, choose to pay the reasonable travel costs of the City's representative to view the books and records at the appropriate location. The Grantee shall not be required to maintain any books and records for franchise compliance purposes longer than three years. Notwithstanding anything to the contrary set forth herein, the Grantee shall not be required to disclose information which it reasonably deems to be proprietary or confidential in nature, or to disclose books and records of any affiliate which is not providing cable service in the service area. The City agrees to treat any information disclosed by the Grantee as confidential and only to disclose it to employees, representatives and agents thereof that have a need to know, or in order to enforce the provisions hereof. The Grantee shall not be required to provide subscriber information in violation of Section 631 of the Cable Act.

112.06 INSURANCE AND INDEMNIFICATION.

1. Insurance Requirements. The Grantee shall maintain in full force and effect, at its own cost and expense, during the term of the Franchise, Commercial General Liability Insurance in the amount of \$1,000,000 combined single limit for bodily injury and property damage. The City shall be designated as an additional insured. Such insurance shall be non-cancelable except upon 30 days' prior written notice to the City. Upon written request, the Grantee shall provide a Certificate of Insurance showing evidence of the coverage required by this subsection.

2. Indemnification. The Grantee agrees to indemnify, save and hold harmless, and defend the City, its officers, boards and employees, from and against any liability for damages and for any liability or claims resulting from property damage or bodily injury (including accidental death), which arise out of the Grantee's construction, operation or maintenance of its cable system in the service area, provided that the City shall give the Grantee written notice of its obligation to indemnify the City within 10

days of receipt of a claim or action pursuant to this subsection. Notwithstanding the foregoing, the Grantee shall not indemnify the City for any damages, liability or claims resulting from the willful misconduct or negligence of the City.

112.07 ENFORCEMENT AND TERMINATION OF FRANCHISE.

1. Notice of Violation. In the event that the City believes that the Grantee has not complied with the terms of the Franchise, the City shall informally discuss the matter with Grantee. If these discussions do not lead to resolution of the problem, the City shall notify the Grantee in writing of the exact nature of the alleged noncompliance.
2. The Grantee's Right to Cure or Respond. The Grantee shall have 30 days from receipt of the notice described in subsection 1 to: (i) respond to the City, contesting the assertion of noncompliance, or (ii) cure such default, or (iii) in the event that, by the nature of default, such default cannot be cured within the 30-day period, initiate reasonable steps to remedy such default and notify the City of the steps being taken and the projected date that they will be completed.
3. Public Hearing. In the event that the Grantee fails to respond to the notice described in subsection 1 pursuant to the procedures set forth in subsection 2, or in the event that the alleged default is not remedied within thirty (30) days or the date projected pursuant to subsection 2, if it intends to continue its investigation into the default, then the City shall schedule a public hearing. The City shall provide the Grantee at least 10 days' prior written notice of such hearing, which specifies the time, place and purpose of such hearing, and provide the Grantee the opportunity to be heard.
4. Enforcement. Subject to applicable Federal and State law, in the event the City, after the hearing set forth in subsection 3, determines that the Grantee is in default of any provision of the franchise, the City may:
 - A. Seek specific performance of any provision, which reasonably lends itself to such remedy, as an alternative to damages; or
 - B. Commence an action at law for monetary damages or seek other equitable relief; or
 - C. In the case of a substantial default of a material provision of the franchise, seek to revoke the franchise in accordance with subsection 5.
5. Revocation. Should the City seek to revoke the franchise after following the procedures set forth in subsections 1 through 4 above, the City shall give written notice to the Grantee of its intent. The notice shall set forth the exact nature of the noncompliance. The Grantee shall have 90 days from such notice to object in writing and to state its reasons for such objection. In the event the City has not received a satisfactory response from the Grantee, it may then seek termination of the franchise at a public hearing. The City shall cause to be served upon the Grantee, at least 30 days prior to such public hearing, a written notice specifying the time and place of such hearing and stating its intent to revoke the franchise. At the designated hearing, Grantee shall be provided a fair opportunity for full participation, including the right to be represented by legal counsel, to introduce relevant evidence, to require the production of evidence, to compel the relevant testimony of the officials, agents, employees or consultants of the City, to compel the testimony of other persons as permitted by law, and to question witnesses. A complete verbatim record and transcript shall be made of such hearing. Following the hearing, the City shall determine whether or not the franchise shall be revoked. If the City determines that the franchise shall be revoked,

the City shall promptly provide Grantee with its decision in writing. The Grantee may appeal such determination of the City to an appropriate court which shall have the power to review the decision of the City *de novo*. Grantee shall be entitled to such relief as the court finds appropriate. Such appeal must be taken within 60 days of Grantee's receipt of the determination of the City. The City may, at its sole discretion, take any lawful action which it deems appropriate to enforce the City's rights under the franchise in lieu of revocation of the franchise.

6. Force Majeure. The Grantee shall not be held in default under or in noncompliance with the provisions of the franchise, or suffer any enforcement or penalty relating to noncompliance or default, where such noncompliance or alleged defaults occurred or were caused by circumstances reasonably beyond the ability of the Grantee to anticipate and control. This provision includes work delays caused by waiting for utility providers to service or monitor their utility poles to which the Grantee's cable system is attached, as well as unavailability of materials and/or qualified labor to perform the work necessary. Furthermore, the parties hereby agree that it is not the City's intention to subject the Grantee to penalties, fines, forfeitures or revocation of the franchise for violations of the franchise where the violation was a good faith error that resulted in no or minimal negative impact on the subscribers within the service area, or where strict performance would result in practical difficulties and hardship to the Grantee which outweigh the benefit to be derived by the City and/or subscribers.

112.08 MISCELLANEOUS PROVISIONS.

1. Actions of Parties. In any action by the City or the Grantee that is mandated or permitted under the terms hereof, such party shall act in a reasonable, expeditious, and timely manner. Furthermore, in any instance where approval or consent is required under the terms hereof, such approval or consent shall not be unreasonably withheld.

2. Entire Agreement. The franchise constitutes the entire agreement between the Grantee and the City and supersedes all other prior understandings and agreements oral or written. Any amendments to this chapter shall be mutually agreed to in writing by the parties.

3. Notice. Unless expressly otherwise agreed between the parties, every notice or response required by this chapter to be served upon the City or the Grantee shall be in writing, and shall be deemed to have been duly given to the required party when placed in a properly sealed and correctly addressed envelope: (i) upon receipt when hand delivered with receipt/acknowledgment; (ii) upon receipt when sent certified, registered mail; (iii) within five business days after having been posted in the regular mail; or (iv) the next business day if sent by express mail or overnight air courier.

136.06 SIDEWALK CONSTRUCTION ORDERED. The Council may order the construction of permanent sidewalks upon any street or court in the City and may specially assess the cost of such improvement to abutting property owners in accordance with the provisions of Chapter 384 of the *Code of Iowa*.

145.02 GENERAL DEFINITION OF UNSAFE. All buildings or structures that are structurally unsafe or not provided with adequate egress, or that constitute a fire hazard, or are otherwise dangerous to human life, or that in relation to existing use constitute a hazard to safety or health, or public welfare, by reason of inadequate maintenance, dilapidation, obsolescence, or abandonment, are, for the purpose of this chapter, unsafe buildings. All such unsafe buildings are hereby declared to be public nuisances and shall be abated by repair, rehabilitation, demolition, or removal in accordance with the procedure specified in this chapter.

(Code of Iowa, Sec. 657A.1 & 364.12[3a])

145.03 UNSAFE BUILDING. “Unsafe building” means any structure or mobile home meeting any or all of the following criteria:

1. Various Inadequacies. Whenever the building or structure, or any portion thereof, because of: (i) dilapidation, deterioration, or decay; (ii) faulty construction; (iii) the removal, movement, or instability of any portion of the ground necessary for the purpose of supporting such building; (iv) the deterioration, decay, or inadequacy of its foundation; or (v) any other cause, is likely to partially or completely collapse.
2. Manifestly Unsafe. Whenever, for any reason, the building or structure, or any portion thereof, is manifestly unsafe for the purpose for which it is being used.

5. Abandoned. Whenever any portion of a building or structure remains on a site after the demolition or destruction of the building or structure or whenever any building or structure is abandoned for a period in excess of six months so as to constitute such building or portion thereof an attractive nuisance or hazard to the public.

145.04 NOTICE TO OWNER. The enforcement officer shall examine or cause to be examined every building or structure or portion thereof reported as dangerous or damaged and, if such is found to be an unsafe building as defined in this chapter, the enforcement officer shall give to the owner of such building or structure written notice stating the defects thereof. This notice may require the owner or person in charge of the building or premises, within 48 hours

or such reasonable time as the circumstances require, to commence either the required repairs or improvements or demolition and removal of the building or structure or portions thereof, and all such work shall be completed within 90 days from date of notice, unless otherwise stipulated by the enforcement officer. If necessary, such notice shall also require the building, structure, or portion thereof to be vacated forthwith and not reoccupied until the required repairs and improvements are completed, inspected, and approved by the enforcement officer.

(Code of Iowa, Sec. 364.12[3h])

1. Notice Served. Such notice shall be served by sending by certified mail to the owner of record, according to Section 364.12[3h] of the *Code of Iowa*, if the owner is found within the City limits. If the owner is not found within the City limits, such service may be made upon the owner by registered mail or certified mail. The designated period within which said owner or person in charge is required to comply with the order of the enforcement officer shall begin as of the date the owner receives such notice.
2. Hearing. Such notice shall also advise the owner that he or she may request a hearing before the Council on the notice by filing a written request for hearing within the time provided in the notice.

2. Owner's Rights. At the hearing, the owner may appear and show cause why the alleged nuisance shall not be abated.
3. Determination. The Council shall make and record findings of fact and may issue such order as it deems appropriate.[†]

145.06 POSTING OF SIGNS. The enforcement officer shall cause to be posted at each entrance to such building a notice to read: "DO NOT ENTER. UNSAFE TO OCCUPY. CITY OF LONG GROVE, IOWA." Such notice shall remain posted until the required demolition, removal or repairs are completed. Such notice shall not be removed without written permission of the enforcement officer and no person shall enter the building except for the purpose of making the required repairs or of demolishing the building.

145.07 RIGHT TO DEMOLISH; MUNICIPAL INFRACTION. In case the owner fails, neglects, or refuses to comply with the notice to repair, rehabilitate, or to demolish and remove the building or structure or portion thereof, the Council may order the owner of the building prosecuted as a violator of the provisions of this chapter and may order the enforcement officer to proceed with the work specified in such notice. A statement of the cost of such work shall be transmitted to the Council. As an alternative to this action, the City may utilize the municipal infraction process to abate the nuisance.

(Code of Iowa, Sec. 364.12[3h])

APPENDIX TO CODE OF ORDINANCES

USE AND MAINTENANCE OF THE CODE OF ORDINANCES

The following information is provided to assist in the use and proper maintenance of this Code of Ordinances.

DISTRIBUTION OF COPIES

1. OFFICIAL COPY. The “OFFICIAL COPY” of the Code of Ordinances must be kept by the City Clerk and should be identified as the “OFFICIAL COPY.”

2. DISTRIBUTION. Other copies of the Code of Ordinances should be made available to all persons having a relatively frequent and continuing need to have access to ordinances which are in effect in the City as well as reference centers such as the City Library, County Law Library, and perhaps the schools.

3. SALE. The sale or distribution of copies in a general fashion is not recommended as experience indicates that indiscriminate distribution tends to result in outdated codes being used or misused.

4. RECORD OF DISTRIBUTION. The City Clerk should be responsible for maintaining an accurate and current record of persons having a copy of the Code of Ordinances. Each official, elected or appointed, should return to the City, upon leaving office, all documents, records and other materials pertaining to the office, including this Code of Ordinances.

(Code of Iowa, Sec. 372.13[4])

NUMBERING OF ORDINANCES AMENDING THE CODE OF ORDINANCES

It is recommended that a simple numerical sequence be used in assigning ordinance numbers to ordinances as they are passed. For example, if the ordinance adopting the Code of Ordinances is No. 163, we would suggest that the first ordinance passed changing, adding to, or deleting from the Code be assigned the number 164, the next ordinance be assigned the number 165, and so on. We advise against using the Code of Ordinances numbering system for the numbering of ordinances.

RETENTION OF AMENDING ORDINANCES

Please note that two books should be maintained: (1) the Code of Ordinances, and (2) an ordinance book. We will assist in the maintenance of the Code of Ordinances book, per the Supplement Agreement, by revising and returning appropriate pages for the Code of Ordinances book as required to accommodate ordinances amending the Code. The City Clerk is responsible for maintaining the ordinance book and must be sure that an original copy of each ordinance adopted, bearing the signatures of the Mayor and Clerk, is inserted in the ordinance book and preserved in a safe place.

SUPPLEMENT RECORD

A record of all supplements prepared for the Code of Ordinances is provided in the front of the Code. This record will indicate the number and date of the ordinances adopting the original Code and of each subsequently adopted ordinance which has been incorporated in the Code. For each supplemented ordinance, the Supplement Record will list the ordinance number, date, topic, and chapter or section number of the Code affected by the amending ordinance. A periodic review of the Supplement Record and ordinances passed will assure that all ordinances amending the Code have been incorporated therein.

DISTRIBUTION OF SUPPLEMENTS

Supplements containing revised pages for insertion in each Code will be sent to the Clerk. It is the responsibility of the Clerk to see that each person having a Code of Ordinances receives each supplement so that each Code may be properly updated to reflect action of the Council in amending the Code.

AMENDING THE CODE OF ORDINANCES

The Code of Ordinances contains most of the laws of the City as of the date of its adoption and is continually subject to amendment to reflect changing policies of the Council, mandates of the State, or decisions of the Courts. Amendments to the Code of Ordinances can only be accomplished by the adoption of an ordinance.

(Code of Iowa, Sec. 380.2)

The following forms of ordinances are recommended for making amendments to the Code of Ordinances:
